5. Public Health System Reporting Requirements

The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. The PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).
- b. A summary of the project (PHSIS), not to exceed one page, which provides:
- (1) A description of the population to be served.
- (2) A summary of the services to be provided.
- (3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments are not subject to the Public Health System Reporting Requirements.

Application guidance materials will specify if the particular FY 1995 activity described above is not subject to the Public Health System Reporting Requirements.

6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and cooperative agreement recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Specific application guidance materials may include more detailed guidance as to how the Center will implement SAMHSA's policy on promoting the non-use of tobacco.

7. Executive Order 12372

Applications submitted in response to the FY 1995 activity listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Office of Review, Substance Abuse and Mental Health Services Administration, Rockwall II Building, Suite 630, 5600 Fishers Lane, Rockville, MD 20857.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. The CSAT does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Dated: January 25, 1995.

ACTION: Announcement of funding awards.

SUMMARY: In accordance with section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989, this announcement notifies the public of funding decisions

made by the Department under the HUD-Administered Small Cities Community Development Block Grant (CDBG) Program for Fiscal Year 1994. The announcement contains the names and addresses of the award winners and the amount of the awards.

FOR FURTHER INFORMATION CONTACT:

Stephen Rhodeside, State and Small Cities Division, Office of Community Planning and Development, Department of Housing and Urban Development, Room 7184, 451 Seventh Street, SW., Washington, DC 20410, Telephone (202) 708–1322 (voice) or (202) 708–2565 (TDD). (These are not toll-free numbers.)

SUPPLEMENTARY INFORMATION: Title I of the Housing and Community Development Act of 1974, as amended (the HCD Act), authorizes the Community Development Block Grant (CDBG) Program. Section 106 provides that HUD will administer the CDBG Program for nonentitled units of local government within a State which does not elect to assume the administrative responsibility for the program. As such HUD, continues to operate the nonentitlement CDBG Program in Hawaii and New York in accordance with 24 CFR part 570, subpart F. In Hawaii, HUD distributes funds in Hawaii on a formula basis since there are only three nonentitlement entities. In New York State, HUD conducts an annual competition in which nonentitled units of general local government may apply for nonentitled CDBG funds allocated to New York State.

The Fiscal Year 1994 competition in New York State was announced in a notice of funding availability (NOFA) published in the **Federal Register** on May 27, 1994 (59 FR 27940). The NOFA announced the availability of allocation of \$50,616,000 for nonentitled communities in New York State. The NOFA also announced the allocation of this funding amount between the New York Office and the Buffalo Office.

In accordance with section 102
(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989, the Department is publishing the names and addresses of the grantees, and the amount of the award made to each grantee. This information is provided in Appendix A to this document.

Dated: January 19, 1995.
